35th California Nematology Workshop

TUESDAY, March 4, 2003

San Diego, Ca.

The 35th California Nematology Workshop offers pest management professionals and growers the latest information on problems caused by plant-parasitic nematodes and potential solutions. This year's main topic will be invasive nematode pests. Target audience for this program includes pest control advisors and operators, growers, pesticide and bio-control industry representatives, retail and nursery employees, arborists, landscapers, municipal and state employees, parks and recreation personnel, educators and consultants. A superb lineup of speakers and workshop presenters will share their expertise concerning nematode-related issues. Posters will inform about the latest Nematology research activities at the University of California, CDFA, USDA and industry. Breakout session will give the audience an opportunity to sharpen their skill in nematode identification, disease diagnostic, sampling procedures, and surfing the Internet for information on plant parasitic nematodes.

SPEAKER LIST

Howard Ferris, Ph.D. Dept of Nematology, UC Davis, CA

**Patrick Minyard, Chief of Pest Detection/Emergency Projects,
CDFA, Sacramento, CA**

**Tom Powers, Ph.D. Assoc Professor, Dept of Plant Pathology,
University of Nebraska, Lincoln, NE**

**Dennis E. Mayhew, Ph.D., Chief, Plant Pest Diagnostics Center,
CDFA, Sacramento CA**

**Michael McKenry, Ph.D. CE Specialist & Nematologist,
Dept of Nematology, UC Riverside, CA**

**J. Ole Becker, Ph.D. CE Specialist & Nematologist,
Dept of Nematology, UC Riverside, CA**

**Antoon Ploeg, Ph.D., Assoc. CE Specialist & Associate Nematologist,
Dept of Nematology, UC Riverside, CA**

**Becky Westerdahl, Ph.D., CE Specialist, and Professor,
Dept of Nematology, UC Davis, CA**

**James Baldwin, Ph.D., Professor,
Dept of Nematology, UC Riverside, CA**

**Manuel Mundo-Ocampo, Ph.D., Research Associate,
Dept of Nematology, UC Riverside, CA**

**Paul De Ley, Ph.D., Assistant Professor,
Dept of Nematology, UC Riverside, CA**
